

VICTOR OYEWOLE

Lagos, Nigeria • +234 704 382 7309 • victor.oy17@gmail.com

SUMMARY

Resourceful Computer Science graduate with hands-on expertise in Python development, data science fundamentals (ALX), and video production. Combines technical proficiency in network security (MANET project) with practical hardware repair skills and virtual assistance capabilities. Seeking roles that bridge technical innovation and user-centered solutions. Known for being proactive, organized and a fast learner.

EDUCATION

ALX Data Science

In Progress

- Intensive 16-month specialization in data analysis, machine learning, statistical modeling, python and AWS Cloud Practitioner.

ALX Data Analytics

In Progress

- The ALX Data Analytics programme equips me with the skills and knowledge I need to succeed in today's data-driven world. Learn to leverage powerful tools like Python and SQL to analyze complex datasets, uncover valuable insights, and make data-based decisions.

ALX Professional Foundations

May 2025 - Aug 2025

- An intensive programme mastering 8 core meta-skills including leadership, critical thinking, and tech literacy through project-based learning to excel in tech careers.

Diploma in Entrepreneurship

Jan 2021 - Jul 2024

Ajayi Crowther University

-Developed foundational business skills with hands-on training in:

- Mobile Device Repair: Hardware troubleshooting, component replacement, and software diagnostics
- Catering Operations: Food cost management, menu planning, and client event execution
- Business planning, customer acquisition, and service profitability analysis

Bachelor of Science in Computer Science

Jan 2021 - Jul 2024

Ajayi Crowther University

- Final Project on "Security Model for MANET [Python, Network Simulator].

WORK EXPERIENCE

Freelance Video Editing

Jun 2024 - Present

- Deliver end-to-end post-production for diverse clients including social media creators and businesses
 - Specialize in dynamic text animations, seamless transitions, and strategic B-roll integration
 - Create engaging closed captions optimized for social media algorithms and accessibility
 - Streamline editing workflows in Adobe Premiere Pro (cutting render times by avg. 25%)
 - Collaborate with content creators to align visual storytelling with brand guidelines
-

CERTIFICATES

- **Professional Foundation**- <https://savanna.alxafrica.com/certificates/Lp6fEmCe79>
- **Python(Basic)** - <https://www.hackerrank.com/certificates/fe7e91f26dbe>
- **BSc in Computer Science** - <https://drive.google.com/file/d/1ImBA9sB0E9Z6-iZFuquljGbvsg8Bp32u/view?usp=sharing>

ADDITIONAL INFORMATION

Technical Skills:

- Python(numpy, pandas, matplotlib, selenium, seaborn) JavaScript, SQL, HTML/CSS
- MySQL, VS Code, XAMPP, OMNeT++

Virtual Assistance Skills:

- Inbox and calendar management
- Google Docs, Sheets, Slides
- Data entry and online research
- Trello, Notion, Slack
- Client communication and scheduling

Soft Skills:

- Technical Communication
- Problem Solving
- Team Collaboration

Other Skills:

- Video Editing
- Web Design[Beginner]
- Computer and Mobile Hardware Repair
- Figma & Canva
- Git & GitHub
